

“Bridging the gap: from Individual Behaviour to the Socio-Technical Man (IBSEN)”

D4.6 PERIODIC WORKSHOPS

H2020-FETOPEN-2014-2015-RIA

Project 662725

Start date of project: September 1, 2015

Duration: 36 months

Type		
PU	Public	X
PP	Restricted to other programme participants (including the Commission Services)	
RE	Restricted to a group specified by the consortium (including the Commission Services)	
CO	Confidential, only for members of the consortium (including the Commission Services)	

(Tick the corresponding dissemination level of the deliverable according to Annex I).

Revision: 01

Date: 05/09/2016

Content

1.- Month 12 Workshop 4

1.- Month 12 workshop.

This was the third regular workshop of the IBSEN project. As described in the Grant Agreement and accordingly decided by the Steering Committee of the project, the meeting was planned to take place along with the Amsterdam Meeting on Behavioral and Experimental Economics (ABEE 2016). In this manner, several external researchers were able to attend the IBSEN Month 12 meeting in order to give us their input about our infrastructure, our experiments and the project in general. At the same time, we described the project to the external researchers so our results are beginning to be well disseminated among the community so other researchers may benefit from our work even before the project is formally finished. Thus, the workshop took place in Amsterdam, from Monday August 29, 2016 through Wednesday, August 31, 2016. IBSEN participants included:

UC3M:

- José A. Cuesta
- Alberto Antonioni
- María Pereda
- Anxo Sánchez
- Ignacio Tamarit

UNIZAR:

- Alfredo Ferrer
- Carlos Gracia-Lázaro

UOXF:

- Cole Robertson

UCAM:

- Sanjeev Goyal
- Frederic Moisan

UvA:

- Cars Hommes
- Anita Kopanyi-Peucker
- Joep Sonnemans

Aalto:

- Kimmo Kaski
- Kunal Bhattacharya

UVEG:

- Penélope Hernández
- Guillem Martínez
- Manuel Muñoz-Herrera

PIs Dunbar (UOXF) and Moreno (UNIZAR) were unable to attend due to health problems.

On the other hand, external participants and discussants included seven well known researchers:

- a. Shyam Sunder (Yale School of Management)

- c. Arno Riedl (Maastricht University)
- d. Nobuyuki Hanaki (Université Nice)
- e. Shaul Shalvi (University of Amsterdam)
- f. Sinan Aral (MIT Sloan School of Management)
- g. Jasmina Arifovic (Simon Fraser University)

During the workshop, we had a Steering Committee meeting on which the deliverables due on Month 12 were reviewed and approved, and preparation for the Review meeting to be held on October 27 was started. There was a demonstration of the networks module, the key piece of the experimental software that was finished during the previous weeks. Progress on the designs for every planned experiment was also presented, and plans for future meetings (Month 18 and Month 24) were discussed, along with the status of the recruitment process and the updates of the project website.

The whole team expressed their gratitude to the UvA team for an excellently organized workshop and for the very fruitful exchanges of ideas between the IBSEN researchers and the external ones during the workshop.

The specific program for the ABEE 2016 workshop is attached below.

Back row: Left to right, Moisan, Tamarit, Battacharya, Kopanyi-Peuker, Antonioni, Pereda, Ferrer, Gracia-Lázaro. Front row: Robertson, Kaski, Hernández, Sánchez, Goyal, Cuesta, Hommes, Muñoz-Herrera, Martínez. Picture taken in front of the faculty of Economics, Universiteit van Amsterdam.

ABEE2016 taking place at Artis, Amsterdam.

ABEE 2016

Amsterdam Symposium on Behavioral
and Experimental Economics

Large-scale Experiments

Program

Dates:

Monday 29
August 2016

Venue:

Artis
Plantage Middenlaan 41A
Amsterdam

Sponsor:

UvA Research Priority
Area *Behavioral
Economics*
H2020 grant for the
IBSEN project

Monday, August 29 (Artis, Plantage Middenlaan 41A)

08:30 – 09:00 Registration, coffee, and tea

09:00 – 09:10 Cars Hommes (University of Amsterdam)
Opening

09:10 – 10:00 John Duffy (University of California, Irvine)
Adoption of a New Payment Method: Theory and Evidence

10:00 – 10:50 Jasmina Arifovic (Simon Fraser University)
Tba

10:50 – 11:20 Coffee and tea break

11:20 – 12:10 Anxo Sánchez (Carlos III University of Madrid)
Large scale behavioral experiments: what, why and how?

12:10 – 13:00 Arno Riedl (Maastricht University)
Neighborhood choice in cooperation and coordination games

13:00 – 14:00 Lunch break

14:00 – 14:50 Sinan Aral (MIT Sloan School of Management)
Tba

14:50 – 15:40 Sanjeev Goyal (University of Cambridge)
The law of the few: theory and experiments

15:40 – 16:20 Coffee and tea break

16:20 – 17:10 Anita Kopányi-Peuker (University of Amsterdam)
Group Size and Expectation Formation in an Asset Market: a Learning to Forecast Experiment

17:10 – 18:00 Shyam Sunder (Yale School of Management)
Building Social Sciences with Human and Artificial Agent Experiments

18:00 – 19:00 Drinks (Artis, Plantage Middenlaan 41A)

19:00 – 21:30 Dinner (Artis, Plantage Middenlaan 41A)

Practical information

Workshop venue

Artis, Plantage Middenlaan 41A

Sessions are in Koningszaal, breaks, drinks and dinner in Tijgerzaal.
